Statement on Travellers

Further to our statement on 26th December 2019, Moulton Parish Council can now advise that the Moulton Playing Fields car park has now been cleared of the unlawful encampment.

This is private land. Moulton Parish Council have worked diligently over the past 48 hours and used the powers granted under common law, as well as Section 61 of the Criminal Justice Act, to speedily regain possession of our car park.

We would like to thank the restraint and calm shown by our community during this time. Moulton Parish Council would especially like to extend heartfelt gratitude to the person or persons who tidied the car park after the travellers' eviction in the early hours of this morning.

The parish council were already exploring long-term options to restrict the height of vehicles that use the car park, and will advance these with urgency in the coming weeks.
